The Bible and Science

Too many scientific men overlook the Bible as itself a book of evidence on the questions which overleap science and religion. They are partial in their instructions, and therefore, erroneous in their conclusions. Lieutenant Maury ably vindicates his right and his duty to go to the inspired book for the proof of facts connected with his peculiar studies.

"I have been blamed by men of seience, both in America and in England, for quoting the Bible in confirmation of th doctrines of physical geography. Bible, they say, was not written for scilive questions of the day. I am not so authority for everything it touches, stereotyped as to believe that the father What would you think of the historian and mother must put on such a sanctimo, who should refuse to consult the historinious face Sunday morning that their cal records of the Bible because the Bichildren will scarcely recognize them, that ble was not written for history? The Bia smile must not be seen on their faces ble is true, and science is true; and till sun down, and the children not al- when your man of science, with vain and lowed to go outside the garden gate.
